Office of the Inspr-Genl of Prisons in Mysore.

Bangalore, Dated, 27th March 1917.

DNº. 307.

D. G.Nº. 70.

With reference to your D.O. No. 112 dated the 7th - instant, forwarding a list showing certain powers proposed to be delegated to the Inspector-General of Prisons and asking me to - suggest any additions or alterations to the list, I am to enclose herein a Memo which shows the additional powers that may be delegated to the Inspector-General as head of Prisons Department.

Yours sincerely,

To

V.R.Thyagaraja Iyer, Esqr, M.A.,

Rev.,Secy., on special duty.

Memo of powers suggested to be delegated to the Inspector-General of -- Prisons in Mysore.

(a) Powers under the Civil Account Code and the Mysore Treasury - Manual.

(1) Countersignature of contingent bills of subordinate officers even - where special sanction is necessary at present.

Paras 256 and 257 of the Treasury Manual.

As head of the Department, the Inspector-General of Prisons is, at present, sanctioning articles of Europe manufacture and country manufacture not exceeding in value Rs 10/- and 25/- respectively, in each case. It seems desirable to raise the present powers of the Inspector General, so that he may sanction - charges on account of Europe-made and country-made articles to the extent of, at least, Rs 100/- and 200/- respectively, in each case. In the Madras Presidency, the Inspector-General of Prisons is exercising more extensive powers in this behalf. (Vide Rule 11 of the -- Madras Jail Manual of 1915).

Paras 270 & 271.

Power of the Inspector-General may be enhanced so that he may pass money order commission on payments of exceeding Rs 25/- and not exceeding Rs 100/-.

Para 277 A.

Charges on account of publishing advertisements in news-papers require previous sanction of Government at present. As rule 11 of the Rules relating to the purchase of stores published with Govt; order No. Fl.2760-809 /G.F.214-10-88 - dated the 23rd December 1913 necessit-

necessitates the publication often of - notices or advertisements in newspapers. it is necessary that the Inspector-Genl. as head of the Department, has to be empowered to incur expenditure in such circumstances without sanction of Government. The amount which the Inspector-General can pass, may be limited to Rs 75/ in a year.

(2) Powers under article 5 of the - Civil Account Code for sanctioning arrear claims less than two years old.

Power of sanctioning arrear claims of officers and officials less than 2 years old may be delegated to the Inspector-General of Prisons as has been contemplate

(b) Powers under the Mysore Service Regulations.

(3) Powers under articles 34,54,80,95 and 107:-

Article:- 34. The age period of a person for entry into superior service in the Prisons Department may be fixed at 30 years.

Article 54. Regarding the entertainment of temporary establishment, due - provision has been made in the revised - Jail Manual now before Government, which empowers the Inspector-General of Prisons to sanction the entertainment of temporary establishment of menials in Jails under - certain circumstances.

It is further suggested, in this connection, that power of sanctioning the entertainment of temporary establishment - when necessity arises, even in clerical and mechanical services, in Jails, may also be

delegated

delegated to the Inspector-General of - Prisons.

Further, this officer may ~~also~~ be empowered to order the deputation of any - officer in the Department on special duty, which power is now being exercised by - Government.

Article. 80. Powers under this article are already ~~been~~ being exercised by the Inspector-General of Prisons in the case of the officers whose appointments are in his gift.

Article. 95. Power under this article may be delegated to the Inspector-General of Prisons.

Article. 107. Power of extending joining time in special circumstances may also be delegated to the Inspector-General of Prisons.

(4) Sanction of pension involving no concessions.

As has been contemplated, the Inspector-General of Prisons may be authorised to sanction pension and gratuity involving no ~~special~~ concessions, when reported upon by the Comptroller.

(c) Powers under Finalcial Rules.

(5) Sanction of re-appropriation of funds.

As head of the Department, the Inspector-General of Prisons is at present ordering the reappropriation of funds from one minor head to another minor head under the same major head. (Vide Para 472 of the Treasury Manual).

To

To avoid difficulty and inconvenience - generally felt, ~~the~~ re-appropriation of - funds may be sanctioned by the Inspector-General of Prisons, even from one major head to another major head and also from a lump sum grant if any. The amount in such cases may be limited to Rs 500/- as contemplated.

(c) Powers under laws - (Enactments & Statutory Rules &c) and orders of Govt.

No suggestions are now made in this - matter in as much as provisions have been made in the new Jail Manual which is before Government, delegating certain additional powers to the Inspector-General of Prisons under - Statutory Rules &c, in force in the State.

(d) Additional powers suggested.

(i) Government at present reserve the power of sanctioning all appointments carrying salaries of Rs 100/- and above. (Vide Government Order No. 910-49 dated 12th - August 1903). In this connection, it is suggested that the power of making, at least, ministerial appointments which carry salaries to the extent of Rs 100/- and above, may be delegated to the Inspector-General of Prisons as in the Madras Presidency.

(ii) The Inspector-General may also be authorised to order the writing off bad - debts outstanding in the accounts of the - industrial and agricultural branches of - Jails to the extent of Rs 25/- in each - case.

Inspector-General of Prisons.

DEPARTMENT OF MINES AND GEOLOGY,
MYSORE STATE.
Sheralkoppa Camp.
Bangalore, 30th March 1917.
2nd April 1917.

Dear Sir,

In compliance with your D. O. letter No. 108, dated 7th March 1917, I note hereunder certain powers under the Statutory Rules of this Department which may with advantage be delegated to the Director, Department of Mines and Geology, in addition to those mentioned in the list received with your letter. -

(1) Power to grant ordinary exploring licenses, i.e. those which do not confer any preferential rights under rule 9 of the Rules for the grant of mineral licenses and leases.

(2) Power to grant and renew prospecting licenses except in cases involving rival claims or questions of general policy or requiring special treatment.

(3) Power to accept minimum royalty for corundum licenses and to sanction the grant and renewal of the licenses, except in cases involving rival claims or requiring special treatment.

(4) Power to sanction refunds of fees received in respect of rejected applications for licenses and leases.

(5) Power to sanction transfers of collecting and prospecting licenses in ordinary cases.

(6) Power to sanction, modify or cancel further rules prescribed under section 22 (1) of the Mysore Mines Regulation, IV of 1906.

(7) Power to grant licenses under rule 18 of the Rules under the Mysore Explosives Regulation.

2. The advantages to be gained by the above powers are :-

(1) Greater facility than at present in the disposal of applications.

(2) Curtailment of routine correspondence between this office and the Government.

and (3) Greater convenience to the public.

3. In British India, Collectors are empowered to grant or refuse prospecting licenses - - vide rules 21 and 22 of the Government of India Rules of 15th September 1913 - - but this power is subject to the control of the Local Government. A return of licenses granted or refused is required to be submitted by the Collectors at fixed intervals under rule 29.

Exploring licenses which are now abolished by the revised rules were also being granted by the Collectors.

4. Similarly, the powers proposed in para 1 could be exercised in Mysore by the Director, Department of Mines and Geology, subject to the control of the Government and a quarterly or half-yearly return of all licenses granted or refused required to be submitted to Government for information and remarks, if necessary.

5. I would also suggest the desirability of delegating to the Director, Department of Mines and Geology, the power to grant leave to gazetted officers under article 471 of the Mysore Service Regulations, as he can best judge of the expediency of granting the leave and make the necessary arrangements during the leave, but in all cases of refusal of leave final decision shall rest with the Government.

Dear Sir,

In reply to your confidential D.O.No.108 dated 7th March 1917 regarding the powers proposed to be delegated to the Head of the Survey Department, I write to say that in addition to the powers proposed to be delegated to me in the list received with your letter, it is very desirable that he be invested with the power of re-employing pensioners without the sanction of Government, and in cases of great necessity, of prolonging such temporary service beyond the period of one year to which re-employment is restricted under Article 364 of the Mysore Service Regulations. I would request you also kindly to consider whether it would be too much to empower the Superintendent to exercise a discretion in the employment of officials generally, who though not claiming the prescribed minimum of educational qualifications, still possess qualifications in technical matters of which at times it becomes highly desirable to take advantage. The exemptions allowed to the Survey Department at the present time are contained in the two marginally noted orders, and refer to measuring learners and Mappers only. I think however that there can be no harm in giving the Superintendent powers of a more general kind such as he had always exercised before the more recent Government Orders on the employment of Officials in all the State Departments imposed limitations, and which he has not for over forty years been known to have exercised but to the benefit of the work of the Survey Department.

Forest Conservator's Office,
Dated Bangalore, 7th. April 1917.

Dear Sir,

With reference to your D.O. No. 137 dated 7th. March last, I beg to enclose herein a note on the delega-tion of greater powers of disposal in the routine administration of the Forest Department.

Your sincerely,

M...

V.R. Thyagaraja Iyer, Esquire, M.A.,

Secretary to the Government of

His Highness the Maharaja of Mysore,

on special duty.

NOTE ON THE SUBJECT OF DELEGATING TO THE CONSERVATOR OF FORESTS GREATER POWERS OF DISPOSAL IN THE ROUTINE ADMINSTRATION OF THE FOREST DEPARTMENT.

Power to sanction arrear claims less than two years old under Article 5 of the Civil Account Code.

1. The rule that "no claim against Government not preferred within six months of its becoming due" does not apply to payments made by the Forest Department.(vide article 5(b) of the Civil Account Code. Consequently, the cases that go up to Government for sanction under Article 5(c) refer to claims to arrears of pay or allowances or to increments which are over one year old. The time limit in these cases may be raised to two or even three years in which case, correspondence with the Government will be considerably minimized.

Power to sanction re-appropriation of funds.

2. The question has reference to Article 157, 158 & 159 of the Civil Account Code under para 470 of the Mysore Treasury Manual, reappropriations within the same major head by Departments of Government other than the Finance Department, which involve transfers of amount in excess of Rs. 25,000 should be previously approved in the Finance Department, while para 472 authorizes the Conservator of Forests to sanction transfers from one minor head to another within the same major head, subject to certain conditions (vide note under para 473). In this connection, attention is also invited to articles 82 & 83 of the

the Forest Department Code. A perusal of the reappropriation statement submi--tted to Government last year, a copy of whereof is enclosed herein for reference, will give an idea of the nature and extent of reappropriation which the operation of this Department usually involves. The limit of Rs. 500/- suggested in the list received with the circular under note will not facilitate matters very much. For delegation of power to be of any value, the Conservator ought to be em--powered to transfer funds from one major head to another subject only to the stipulation that such transfers should be within the total budget allotments under "A. Conservancy and works and B. Establish--ments." There would be no objection to submit for the information of ..... Government, copy of intimation that will be sent under the rules to the audit office, or in other words, to the Comptrolle Any other arrangements, it is feared, will not reduce the correspondence with Government in this matter.

The power of reappropriation should be delegated to the Conservancy & Works officers within their respective spheres of Civil in Sanctioned provisions are unexpected Engineering Dept.

3. Countersignature of Travelling Allowance and contingent bills of subordinate officers even when special sanction is necessary at present.

3. Under Article 445 of the Civil Account Code, no charges on account of the Forest Department could be paid otherwise than on cheques drawn. The system of presenting contingent bills at Treasuries for encashment is therefore not in force in the Forest Department. So, the question of countersigning the contingent bills of the subordinates does not arise.

MM

As regards the Travelling Allowance bills, the Conservator of Forests is already empowered in article 584 of the Mysore Service Regulations to counter--sign bills relating to claims of more than 10 days halt at one place. The bills that are now submitted to Government by the Department relate to claims over one year old and to road journeys performed by officers between places connected by railwa to suit the programme of higher officers. In the former case, the raising of the time limit as proposed in para 1 will go a long way to minimize the correspondence and delay. As regards the latter, the Conservator of Forests may be empowered to countersign such claims. What is required is that article 535 (d) should be so modified as to delegate this power to Heads of Departments. The word"inspection" occurring in the last line of this article is the cause of much trouble as there are instances in which Government sanction have had to be obtained when Departmental Officers accompanied higher officers and members of Government on their tours.

4. Powers under article 34,54,80,95 & 107 of the Mysore Service Regulations.

4. The delegation of these powers will, no doubt, be advantageous in minimizing a lot of correspondence.

(5) Power to sanction pensions involving no concessions reported up by the Comptroller.

5. In this connection, attention is invited to G.O.No.Fl.5040-89/G.F.137-16-2 dated 6th. March 1917. The power of sanctioning pension to non-gazetted Officers and menials has been

been delegated to the Comptroller. This arrangement seems to be more advantageous as the conferment of this power on the Heads of Departments would not obviate delays and correspondence.

(6) Patronage of the ministerial staff of the Department.

6. Article 20 of the Forest Department Code, defines the powers of various officers including the Conservator of Forests. The Forest Department so far as its clerical Establishment is concerned, ought to be independent of the Revenue Department, unlike the practice existing at present under which the undesirables of the revenue offices get into the Department seriously imparing its efficiency. Being a technical Department, transfers of clerks must necessarily be within the Department, to get the full benefit of the experience the clerks have gained in the course of their service in the Department. Proposals have already been made in this behalf in the revision scheme now under consideration before Government. The patronage of the ministerial staff of the Department should be vested fully in the Conservator of Forests, irrespective of the pay of the appointments. All disciplinary powers may, as usual, be exercised by the Deputy Commissioners.

(7) Power to write off valuable stores and live stock. Article 69 of the Forest Code.

7. The expression"any timber or other stock" appearing in this article includes sandalwood also. The limit of Rs. 300/- fixed with regard to the Conservator's

Conservator's power is unworkable in practice and occasions a good deal of correspondence with Government. The Conservator of Forests should be conferred with the following powers:-

(1) To sanction the writing off of driage in un-assorted sandalwood that may be found while stock-taking by a gazetted officer, irrespective of the quantity, if the Conservator is satisfied that the percentage of driage is not excessive.

The limit may be raised to Rs. 500 for Ist Circle. Comm 2-2-18

(2) To sanction the adjustment of the difference in measurements of timber taken in jungle and sale depots irrespective of the quantity.

?

Since no actual loss of stock is involved in the cases cited above there ought to be no difficulty in exempting the above transactions from the operations of the present article.

(8) Power to sanction items of capital expenditure Article 111G.

8. The limit of Rs. 2000/- fixed in article 111(b) is found to be inadequate in the case of buildings and communications due to a general rise in wages and cost of materials. A lot of correspondence with Government would be saved, if the limit at least, in the case of building construction is raised to Rs. 2500/-

No objn. Comm 2-2-18

to suit the altered conditions.

(9) Refund of revenue.

It is under consideration at the instance of the Comptroller to finally credit to the revenue heads all realiza~~s~~-tions on account of sandalwood purchase instead of allowing them to be under revenue deposit until the sold wood is weighed out and delivered to the party. As there will always bound to be driage in sold lots, which for want of spare wood, will not always be possible to make good in kind, the value recovered and credited to the head in advance of the delivery will have to be refunded to the party. If the limit of Rs.200/- fixed in article 119 of the Forest Code is not raised there will be good many cases which will require sanction of Government, increasing correspondence unnecessary. The limit may be raised to Rs. 1000/- in the case of sandalwood and to Rs. 500/- in other cases.

yes. The reference being considered by a Special Officer

(10) Power to sanction the writing off of ~~the~~ irrecoverable advances. Article 158 of the Forest Code.

The Conservator of Forests has no powers in this connection at present. It would be necessary that he is empowered to dispose of without reference to Government, the items of irrecoverable advance, say to the limit of Rs.100/- in each case in which the Conservator of Forests is satisfied that reasonable grounds exist ~~grounds exist~~ for so doing.

(11) Power to sanction expenditure towards pleader's fees in Civil cases.

11. Under article 108 of the Forest Department Code, the Conservator has power to sanction fees in the prosecution of criminal cases upto a limit of Rs. 100/- in each case. Being a quasi-commercial Department where the system of advancing money for works is a necessary evil, the Department has at times to institute civil suits against parties. It would obviate a lot of correspondence with Government, if the Conservator is empowered to sanction fees to a limit of Rs.100/- in each case in civil ~~suits~~ cases also. As this amount will be included in the decree, the chances are that most of it will be repouped as only good cases will be taken into court.

(12) Power to write off demands made in error.

12. This power has been conferred on the Deputy Commissioners recently. (vide G.O. No.R.6185-233/L.R.641-13-14 dated 16th. December 1916.). Similar powers are necessary for this Department also.

(13) Power to fix and to alter the seigniorage rates.

13. This power so indispensable, which the Department was exercising hitherto, was taken away by G.O. No.R. 3283-91/Ft.107-15-6 dated 23rd. September 1916. The seigniorage rates for retailing timber <u>in situ</u> are generally fixed high to meet small demands for bona fide purposes. These rates allow little or no margin of

profit to traders. Applicants for timber for trade purposes cannot be expected to offer rates equal to or in excess of the prescribed seigniorage rates. Applications are in consequence to be submitted to Government for sanction in each case. In all such matters, time is an essen-tial factor as the indents will be generally from merchants to meet urgent demands and they can ill afford to wait till sanction of Government is obtained or timber is auctioned up after the necessary formalities. The Government order has already affected our demand adversely. It is imperative in the interests of revenue to authorize the Conservator to deal with such appli-cations when the rates offered are not less than 75% of the prescribed rates. In the case of species for which no seigniorage rates have been so far fixed, the Conservator of Forests may be authorized to fix them and report the matter to Government. Since the Department is very much handicapped on the one hand, and the merchants are put to inconvenience on the other, under the existing .... arrangements, the importance of this measure cannot too sufficiently pressed

OFFICE OF THE

Dated Bangalore, 16th April 1917.

Dear Sir,

With reference to your D.O. letter No.104 dated the 7th March 1917 forwarding a list of the powers which it is proposed to delegate to me, I send herewith enclosed, a memorandum indicating the additional powers which I consider may be delegated to the Registrar of Co-operative Societies in Mysore.

Yours Sincerely,

M.A. Muthanna

V.R. Thyagaraja Iyer, Esq., M.A.,

Revenue Secretary to Government on
Special Duty,

Bangalore.

Memorandum regarding the powers to be delegated to the Registrar of Co-operative Societies in Mysore.

- - - - - -

The general powers mentioned in the list accompanying D.O.No.104 dated the 7th March 1917 from the Revenue Secretary to Government on Special Duty may be delegated to the Registrar in the interest of quick disposal of the routine work of the Department.

2. With a view to secure greater efficiency in the working of the Department, I would propose that the following powers may also be delegated to the Registrar in addition to those referred to above for reasons shown below.--

These are classified under the three heads shown in the D.O.

(a) Financial powers. i.e., powers under the Civil Account Code and the Treasury Manual.

Power to send detailed contingent bills of the Registrar's office and the Registrar's travelling allowance bill direct to the Audit Office.

At present these bills are being sent to Government for countersignature by the Secretary to Government and transmission to the Comptroller. The Audit Office is scrutinizing these bills and exercising the necessary check on each item as required by the financial rules. Objections, if any, on any particular item are, even now, referred by the Audit Office to the Registrar and disposed of according to the rules. Nothing is therefore gained by the circuitous procedure now in force. It is causing avoidable delay in the audit of the bills and un-necessary correspondence without any corresponding benefit.

The countersignature of these two bills by the Secretary to Government may be dispensed with.

(b) Powers under the Mysore Service Regulations.

(1) Power to sanction extension of service and the retirement of non-gazetted subordinates under Article 324 of the Mysore Service Regulations.

This power may, if there is no objection, be delegated to the Registrar subject to such conditions

conditions as the Government may deem fit. It will be consistant with the power to sanction pensions involving no concessions proposed to be delegated as mentioned in the list.

(c) Power under laws and standing orders.

1. Power to grant increments to the non-gazetted subordinates.

On a representation made by me, the Government have, in their Order No.7531-2/I.& C.20-16-22 dated the 16th March 1917 delegated to the Registrar the power to sanction the increments in the case of all appointments in the Co-operative Department the maximum pay of which does not exceed Rs.60. As the appointments of officials on a progressive pay up to Rs.100 which are at present prevailing in this Department are sanctioned by Government in the first instance, there seems to be no objection to the Registrar sanctioning the increments accrued in the case of all the non-gazetted subordinate staff the maximum pay of whom does not exceed Rs.100. This will save delay in the disposal of such questions.

2. Power to sanction appointments.

At present I have power to sanction appointments the pay of which is not more than Rs.40, which was so fixed, as the status of the Registrar is the same as that of a Deputy Commissioner. The Deputy Commissioners have now been given power to sanction appointments on pay up to Rs.50. I suppose I am also empowered to do so by inference but no specific orders have been passed to that effect. The existing grades of the appointments in this Department are 30-3-45, 40-4-60, 45-3-60, 60-4-80 and 80-4-100. The majority of the posts are on a pay of Rs.40-4-60. Under the orders in force at present, the appointments of persons to these posts even during leave vacancies have to be submitted to Government and in many cases the vacancies themselves would have ceased to exist by the time the Government sanction is received. Thi has seriously handicapped me in making suitable arrangements whenever the exigencies of service require early action.

I would therefore ~~propose~~ propose that I may be empowered to order appointments, the pay of which does not exceed Rs.60.

3. Grant of leave to the Personal Assistant to the Registrar.

The Registrar may be empowered to sanction leave to the Personal Assistant up to one month.

Dear Sir,

With reference to your D.O.No.114 of the 7th March 1917 regarding the question of delegating to Heads of Departments greater powers, I am of opinion that in addition to the powers proposed to be delegated to me as Head of a Department the following are also necessary.

Article 74 of the Mysore Service Regulations, granting charge allowances (473 a) granting leave to non-gazetted officers irrespective of their pay and the consequent acting arrangements.

Change of Head quarters of Gazetted Officers;

To sanction the recurring charges of a contingent nature up to Rs.10/- in each case for a period not exceeding one year.

Purchase of apparatus or appliances to the extent of Rs.200/- in value for experimental or research purposes. (The power now in force is only Rs.50/-. Vide G.O.No.G.1198-200/G.M.310-12-39 of 9-8-1913.

Power to subscribe for periodicals relating to Industrial and Commercial Subjects, not subscribed for by the Committee.

To sanction refund of amounts irregularly recovered and credited to Treasury to the extent of Rs.100/-.

To sanction the remission of irrecoverable amounts due to the Department to the extent of Rs.200/-

To sanction the refund of the preliminary purchase money to parties when the hire purchase agreement is cancelled for sufficient reasons.

Yours sincerely,

Office of the Comptroller in Mysore,
Bangalore, dated the 18th April 1917.

D. No. 360
D.O.No. 87 dated 19th April 1917

Dear Sir,

In reply to your D.O. No. 110 dated 7th March 1917 regarding the delegation to Heads of Departments, greater powers of disposal in the routine administration of their respective departments, I send herewith a list of powers which in my opinion may be delegated to the Comptroller.

Yours sincerely,

M. Venkoba Rao

V.R.Thyagaraja Iyer, Esq., M.A.,
Revenue Secretary on Special Duty
Bangalore.

SDV/18-4

Financial powers.

Serial No.	No.of article Civil Account code. or msb	Subject.	Remarks.
		Proposed by the Revenue Secretary on Special Duty.	
1.	...	Countersignature of Travelling allowance and contingent bills of subordinate officers even where special sanction is necessary at present.	The exact power proposed to be delegated is not clear. There are no subordinate officers whose Travelling allowance and contingent bills should be countersigned by the Comptroller.
2.	5 C. A. C.	Sanction of arrear claims less than two years old.	I believe the proposal is to delegate the power referred to in note 3 to article 5 introduced by the 5th list of corrections to Civil Account Code. This may be done. The cases requiring reference to Government under article 5 Civil Account Code are rare in this office and there should ordinarily be no such cases at all.
3.	....	Sanction of Pensions involving no concessions reported upon by the Comptroller.	This power has recently been delegated to the Comptroller (Vide G.O. No. 7C 5040-89 dy 6 march 89 S.F 137-46-2
4.	473 M.T.M.	Power to sanction reappropriation of funds upto a limit of Rs.500/-.	It is not clear what power is proposed to be delegated. The Comptroller has now power to transfer grants from one detailed head to another with regard to his own office and without any limitation in regard to amount.
		Proposed by this office.	
5.	Appendix BBBB C.A.C (a) Note 1	Authority to make small monthly payments to menials for supplying water.	This may be delegated.

Powers under Mysore Service Regulations.

Serial No.	Article of Mysore Service Regulations.	Subject.	Remarks.
		Proposed by the Revenue Secretary on Special duty.	
1.	34.	Appointment of persons after 25 years of age, in special cases.	This delegation is desirable and may be ~~done~~ made.
2.	54.	Creation of Temporary appointments and deputation of officers on speical duty. ..	The Comptroller has an annual lump-sum grant under his control and requirements on account of special or additional temporary work are met by using it. This delegation of this power is not therefore necessary.
3.	80.	Sanctioning or withholding periodical increment.	This power is already being exercised in regard to non-gazetted officers. It is not clear if it is proposed to delegate the power to withhold sanction the increments of Gazetted Officers also.
4.	95.	Grant of fixed travelling, tentage or local allowances to officers in charge of current duties.	This may be delegated. There are not likely to be many cases of this kind in this office.
5.	107.	Extensions of joining time in special cases.	May be delegated.
		Proposed by this office.	
6.	51 C.	Power of sanctioning remuneration in excess of Rs. 50 up to Rs.100.	The limit beyond which sanction of Government should be required may be raised to Rs.100/-
7.	65.	Power of sanctioning less charge allowances than that authorised under article 65 or sanctioning full acting allowances. ...	This may be delegated.
8.	122 (note)	Power of sanctioning extra cost not exceeding Rs.100 in cases of suspension and consequent arrangements and payment of subsistence allowance.	This power may be delegated. Occasions for exercising this power will, however, be very rare.

Sorial No.	Article of Mysore service Regulations.	Subject.	Remarks.
9	287	Power of commuting periods of absence without leave ~~xxxxxx~~ into leave without allowances.	This power has to be delegated as the Comptroller is now authorised to sanction pensions to non-gazetted officers.
10.	527	Power of sanctioning arrears of pension outstanding for more than 6 months for the 1st payment or exeeeding Rs.1,000/- ...	This power may be delegated to the Comptroller in regard to pensions sanctioned by him.
11.	535(d)	Calculation according to cheaper route for purposes of claiming travelling allowance by Railway.	The power given to Heads of Departments under article 997 Civil Service Regulations may be delegated to the Comptroller.
12.	457 & 473(a)	Grant of leave, in the case of non-gazetted officers, by the authority empowered to fill up the appointment if vacant. ...	All kinds of leave to non-gazetted officers on pay of Rs.100/- and above are now sanctioned by the Comptroller even though their appointments require sanction of Government. This practice may be recognised by necessary notes under these articles of Mysore Service Regulations.
13.	324 (a) 2	Delegation of power to Heads of Departments to declare any non-gazetted subordinate inefficient and compelling him to retire at 55 years or on the expiry of extension granted.	This power may also be delegated. Recommendation of the Comptroller for retiring non-gazetted officers would be accepted by Government in practically all the cases and he may therefore be empowered to exercise this power himself. The Revenue Commissioner has been given this power and there is no reason why the Comptroller should not have it also.
15.	130 A.	Power to grant leave for accepting private employment during leave. ...	This may be delegated though the occasions for exercising the power will be very rare.
16.	204(3)	Power to grant leave without allowance for less than 2 months when the party is entitled to other kinds of leave. ...	This power is delegated to Heads of Departments in British India (Vide article 339 Civil Service Regulations) and may be delegated to Comptroller.
17.	504	Power to relax, in cases of late application for pensions, when the delay is satisfactorily explained (art 930 Civil Service Regulations)	This power may be delegated to the Comptroller in regard to pensions which he is now authorised to sanction. Please see 930 Civil Service Regulations.
17.	529(b),531	Payment of arrears due to deceased pensioners ~~xxxxxxxx~~ exceeding Rs.100/-(959 C.S.R)	... Do ... article 959 C.S.R.

Serial No.	Article of Mysore Service Regulations.	Subject.	Remarks.
18.	583	Power to sanction halting allowances for halts exceeding 10 days. ...	May be delegated.

Clause VI of the Schedule -

Remission of Judicial Sentence

The practice at present is that excepting memorials of persons sentenced to transportation for life or death, other cases are disposed of by one Member unless he considers a remission of the sentence is called for when it is dealt with as a council case This may perhaps be expressly provided for in the rules.

Subject:-- Decentralization in the Secretariat work.

I have carefully gone through the note prepared by the Assistant Secretary Branch VIII and the ----- Registrar. The proposals made are well considered and are calculated to ease the pressure to some extent.

2. It is proposed to transfer certain items of work from lists I and II to list III. Items 14 & 15 of list I and 20 of list II relate to the Muzrai Branch. While agreeing to the above proposals, I beg to state that even under items 13, 17 and 17 A, matters of more or less trivial importance may come up for orders. These also may well be transferred to List III, except when large interests are involved. As in such cases the papers will have to be submitted to the Dewan before issue of orders under Proviso i of Section 5 of Council Rules of business, it seems to me that all the items 13, 14, 15, 17 & 17 A of list I and 20 of list II may with advantage be transferred to List III.

3. I would also suggest that the following matters may be added on to List IV for disposal by the Secretary in addition to items 17 & 18 in the 4 list.

(1) Sanction and notification of appointments of Dharmadarsis of Muzrai Institutions.

(2) Revision of scales of income and expenditure of minor institutions.

(3) Travelling allowance bills of Muzrai establishments.

(4) Sanction of arrears of Tasdiks to Muzrai Institutions and of pay and allowances to Muzrai servants.

(5) Transfer and renewal of hereditary personal stipends and payment of arrears.

(6) Leases of temple lands when the order is to be in accordance with the Deputy Commissioner's recommendations.

Items 13, 14, 15, 17, & 17 A of List I.	Item 20 of list II.	Item 16 of Schedule is the only matter which has a special reference to the Muzrai ----- Department. As at present worded the subject will include great many questions of trifling importance. It may, perhaps, be an advantage to restrict Council consideration to the first recognition of title of Matadhipaties to insignia such as Adda Palki, Panchakalasa, Swetachatri, Davale Sankhu, Hagalu Deevatige Pancha Deevatige, Makara Thorana, Salutes, Military escort and Public reception.

Dear Mr. Balasundaram Iyer,

It is now several months that the question of decentralization in Members' Departments is pending without further action. There is also the file re determining the position of Deputy Commissioners with reference to Heads of Departments.

Each Department is apparently being dealt with separately - hence the confusion and delay.

Will you kindly look into the progress made till now and take the necessary steps to bring these matters to the final stage, as early as possible?

Yours sincerely,

M. Visvesvaraya
